Hey Bryant,

We're starting to get some public affairs questions about Arkema related to the enforcement history. I'm going to try to see how much I can answer it here through HQ OECA, but R6 is going to have the best information, I think, so if you can get your folks to fill out the CIIP, that would be great. Thanks.

Bryant,

Per our conversation, see below. Don't worry about attachment B. HQ will put together a Spot Report based on the information we have (it'll be a separate report from the overall Harvey Reports that we have been doing) to go out some time this morning.

Hopefully you can identify someone on your end to provide this info some time this morning. If that isn't doable, let me know, and I'll see what I can do to manage expectations from here. I'm hopeful that if you can get a good CIIP together, we'll be able to help absorb some of the questions that might come your way instead.

Appreciate it.
